MEMORANDUM FOR RECORD

SUBJECT: Proposed Regulation 20-605 and Field Regulation 20-605,  
Section IV

1. Since receipt of initial drafts of this regulation forwarded  
from the Office of Personnel, I have discussed it several times with  
[redacted]  
and by telephone with his superior,

25X1A9A

2. With [redacted] I have checked each of the provisions against  
the material of other agencies upon which they are based. I made  
a number of suggestions and amendments, all of which were acceptable  
to Personnel. I believe that the revised draft incorporating my  
suggested changes is in accord with general Government practice for  
this type of employee. Although the regulation is fairly lengthy,  
it is, in comparison to comparable regulations of other agencies,  
a masterpiece of brevity and lucidity.

3. [redacted] will forward the final draft to me for clearance  
prior to submitting it to the Regulations Control Staff.

4. The subject copy of this memorandum together with copies  
of the initial drafts will be filed with the OGC regulations  
comments.
